## RD Learning Institute: Nourishing Patients with Eosinophilic Gastrointestinal Disorders

---

**SAVE THE DATE:** September 20-21, 2013  
Cincinnati, Ohio

A practice focused, CEU eligible course is being offered for Registered Dietitians interested in learning more about managing patients with EGID. Hear about the latest nutrition related research and meet other RDs working in this area.

- Featuring experienced speakers in clinical practice and research
- Opportunity for resource sharing and networking breakfast
  - > Limited course registration (details coming soon)
  - > Travel stipends will be awarded to non-local participants
  - > RD-CEU credits available

This educational initiative from Cincinnati Children's Hospital Medical Center is supported by an educational grant from Nutricia North America.

**Look for registration details coming soon!**
